

BANG STUDIOS

Pet Policy

We welcome well-behaved dogs at BANG Studios by prior arrangement, subject to the nature of the booking and the comfort and safety of everyone using the building.

Prior approval

Please let us know in advance if you would like to bring a dog. Approval is at BANG Studios' discretion and may depend on the event, other bookings and use of the spaces.

Supervision and behaviour

Dogs must remain under the control and supervision of their owner or handler at all times. Dogs should be kept on a lead in shared areas and must not cause disruption or distress to other guests.

Cleanliness and safety

Owners are responsible for cleaning up after their dogs and for any damage caused. Dogs must not enter food preparation or kitchen areas.

Assistance dogs

Assistance dogs are welcome in accordance with applicable law. Please contact us in advance if any practical arrangements would help us prepare for your visit.

Event-specific restrictions

Some events, filming sessions or areas may not be suitable for pets. BANG Studios may set reasonable restrictions or ask that a pet be removed if necessary for safety or the comfort of others.

For pet-related arrangements, please contact the BANG Studios team before your visit.
